

## Our Story:

Carpentry has long been a core passion for owner, Larry Newman . After running a successful bathroom remodeling company for 18+ years, Larry has finally achieved his dream of opening of THE WOOD SHOP. THE WOOD SHOP is a full service, custom wood working design, build and installation company.

THE WOOD SHOP projects include, but aren't limited to, custom cabinetry, built-ins, barn doors and pocket doors, as well as home offices and mudrooms.

Each project's design is fully customized making it perfect for your family's specific needs. We look forward to applying our passion to your project.
